The list below shows the dogs currently in our pounds. If you don't find a match for your dog please phone us to check, as the information below may need updating. The information is updated each Council working day.

If your dog has been impounded, please phone our customer support staff to arrange collection on 0800 WAIPADC (0800 924 723). Dogs impounded on weekends or public holidays will generally only be released on the next working day due to the required process.
